

THE CITY OF SAN DIEGO
PLANNING DEPARTMENT
AND DEVELOPMENT SERVICES DEPARTMENT
COMMUNITY PLANNING GROUP
2006 WORKSHOP SCHEDULE

These workshops have been developed as a resource for elected members of the City's Officially-Recognized Community Planning Groups.

The Planning Department will be hosting the April 29th Community Orientation Workshop (COW) as well as the October 26th Mini-COW. Attendance at a COW is mandatory for elected planning group members.

The Development Services Department will be hosting the advanced workshops for elected planning group members including the CEQA and Development Review Workshops. These workshops are developed to provide elected planning group members with tools to better assess and review projects and issues that may come before them for a recommendation. Upon confirmation of the dates, the schedule will be updated to reflect these workshops.

The Development Services Department hosts separate workshops on many of the same topics for members of the public or from the development community. For upcoming public workshops and events, please access the Development Services Department Website at <http://www.sandiego.gov/development-services/news/events.shtml>.
